## Safety Points and Other Considerations

In colder climates, please remove your Garden in a Box Plastic Cover during the winter months and store in included bag in a dry warm location.

Do not leave cover on during any large snow storms or extreme weather phenomenon such as hurricanes, tornadoes or heavy wind storms.

Cover can easily be taken off in minutes if such weather patterns are forecast in your area. We recommend once a year in the early spring to check that all fasteners are snug and to tighten if loose. Plastic cover can be cleaned with a mild soap and a cloth.
